FOREWORD:

A motivated and detailed-oriented Computer Engineering student with a good foundation in JAVA programming, and proficiency in front-end technologies including HTML, CSS, and JavaScript. I am pursuing a degree in Computer Engineering and seeking an intern position to apply and enhance my programming skills professionally. I am committed to contributing to the development of robust and efficient software solutions, leveraging my strong problem-solving abilities, and expanding my knowledge of development practices. I am excited to work collaboratively, gain hands-on experience and make a valuable contribution in the Web development and JAVA projects.
